October 19, 2015

Dear Tribal Members,

In February of 2013, the Summit Lake Paiute Tribal Council approved revisions to the Summit Lake Paiute Tribe Nonpoint Source Management Plan. This document is reviewed every few years and updated with any necessary changes. At the October 17, 2015 Council Meeting, the Natural Resources Department presented an updated Nonpoint Source Management Plan to the Tribal Council for approval. This version contains minor editorial changes and updates such as the number of buildings that had changed since the 2013 version was written.

Before approving and adopting the document, the Tribal Council requested that it be made available to Tribal Members for a brief comment period. Due to the large size of the document, the Nonpoint Source Management Plan has been placed on the Natural Resources Department page of the Summit Lake Paiute Tribe website at: http://www.summitlaketribe.org/Department_Reports.html. A paper copy can be obtained either by stopping by the Primary Administrative Office or by calling the office to request a copy be mailed to you.

The Natural Resources Department is happy to accept any comments **before 5:00 p.m. on Tuesday, November 10, 2015**. Comments can be submitted to Rachael Youmans, Fish and Wildlife Biologist, by mailing or dropping off written comments to the Tribal Office, by phone at (775) 827-9670, or by email at Rachael.Youmans@summitlaketribe.org.

Thank you for your consideration.

Sincerely,

Rachael Youmans
