Summit Lake Paiute Tribe—653 Anderson Street—Winnemucca, NV 89445 September 25, 2003

---

## Tribal Members:

Please be advised that there is an electrical fence line leading in from the Soldier Meadows route to Denio. The electrical fence line is between the lake and the road. The reason for this is due to the grazing of cattle.

So please use caution and please be careful when you come out to the reservation. Try not to touch the fence lines. Signs are posted.

Thank You
